What we Offer

We offer an attractive, performance-related salary and ensure an optimal start through individual training and mentoring. We are a small team of professionals which operate from Christchurch. A perfect work-life-balance is important to us. We support flexible working times and have a flat hierarchy. Robotron NZ is a branch of Robotron Germany. We offer all the advantages and benefits of working for a big company with the flexibility of a small, local start-up.

Applicants for this position should have NZ residency or a valid NZ work visa.
