Software Developer

Location: Christchurch (NZ) | **Career Level:** entry level/graduate, young professional | **Work Type:** open-term, full-time

What would a software company be without developers? Probably a company without any products – that is why we regularly seek clever minds for our various development teams. As a developer at Robotron, we design and implement solutions for current market requirements in consultation with our consultants. Continuous development also keeps our software alive and up to date.

Job Description

- Interesting and wide activity in the field of development in the areas of energy retail and energy distribution

- Development of Oracle database-based solutions

- Active contribution to architectural and design discussions

- Work in a communicative team

- Conception, implementation and testing of database and software components

Skills&Qualifications

- Successfully completed studies in (business) computer scientist, a comparable field of study or a professional qualification as a specialist in computer science

- good knowledge of software development with Java or experience in the eclipse RCP environment

- Database knowledge: Oracle SQL and / or Oracle PL / SQL is an advantage

- structured procedure in the implementation and use of appropriate modelling tools and auxiliary languages (example: UML, XML, HTML, BPMN)

- Interest in new technologies

- You are highly motivated, communicative, customer and performance oriented, and ready to continue to learn new things.

What we Offer

We offer an attractive, performance-related salary and ensure an optimal start through individual training and mentoring. We are a small team of professionals which operate from Christchurch. A perfect work-life-balance is important to us. We support flexible working times and have a flat hierarchy. Robotron NZ is a branch of Robotron Germany. We offer all the advantages and benefits of working for a big company with the flexibility of a small, local start-up.

Applicants for this position should have NZ residency or a valid NZ work visa.
